About Lodestar

Lodestar Minerals is an active Western Australian gold explorer with a prospective tenement package spanning more than 2,000km² at the edge of the Pilbara and Yilgarn Cratons. Lodestar has three main projects – Ned’s Creek, Camel Hills and Imbin – and is also earning an 80% interest in Vango Mining’s Yowereena project which is adjacent to Ned’s Creek.

Lodestar’s main focus is Ned’s Creek where it has made a greenfield gold discovery at the Contessa prospect. Contessa is one of many partly explored gold anomalies located within a large shear zone developed along the margins of a 6 kilometre long, elongate composite granite intrusion.
